Overview

Julia Bond has been a specialist Family law practitioner since 1995. She practised as a solicitor in Worcestershire and the West Midlands before transferring to the Bar in 2010.

She has a reputation for being a robust advocate. She has excellent client care skills and is particularly adept at managing expectations and offering pragmatic advice, always remaining sensitive to the issues and the needs of an emotional client. She is considered to be an advocate “consistently punching above her weight”.

Practice Areas

Public Law Children

Julia Bond has been a specialist family law practitioner since 1995. She practised as a solicitor in Worcestershire and the West Midlands before transferring to the Bar in 2010.

She has a reputation for being a robust advocate. She has excellent client care skills and is particularly adept at managing expectations and offering pragmatic advice, always remaining sensitive to the issues and the needs of an emotional client.

She practices in private law and public law children cases at all levels. In private law she has particular experience of appearing in cases involving internal and external relocation, parental alienation and complex fact finding hearings. In public law she regularly appears in cases involving:

- Neglect
- Non-accidental injury
- Sexual abuse
- Domestic violence

She appears as an advocate for local authorities, parents and the child.

Family Law Bar Association

Client Recommendation

"I just wanted to send you a huge thank you for yesterday...Thank you for explaining things to me, whilst not making me feel stupid, and for treating me with empathy, whilst not making it too emotional, and for standing up for the right outcome, even though the day must have seemed endless.

"Hopefully I won't end up back in court ever, but if I did I would most definitely be making you my first choice of representation."
